Aquatique®

APĂ MINERALĂ NATURALĂ
PLATĂ OLIGOMINERALĂ

Product awarded
"Grand Gold Medal"
in World Selection Bruxelles
2008

Suitable for preparing infant food

The results of the clinical study, realized by the "Alfred Rusescu" Institute for Mother and Child Care, show that Aquatique is suitable for preparing infant food.

Sustained by the Romanian Society of Pediatrics

The Romanian Society of Pediatrics acknowledges that Aquatique is suitable for preparing infant food as well as for general wide consumption.

Recommended in low-sodium diets

Due to its extremely low sodium content, natural oligomineral water Aquatique maintains improves the functioning of your body.

Recommended for daily consumption

Due to its low mineral content, Aquatique purifies your body and guarantees daily proper hydration.

Springing from the heartland of the Carpathian Mountains, at an altitude of 1100 m, in the perfect unspoiled environment of the Natural Park Bucegi, natural mineral water Aquatique, an oligomineral water, purifies and improves functioning of your body. Thanks to its sodium free content, Aquatique is highly recommended in no salt diets. In 2008, Aquatique was awarded "Grand Gold Medal" by "Monde Selection" International Institute for Quality Selection, Bruxelles.

FRESHNESS GUARANTEE

OXYPROOF

ULTRADENSITY OXYGEN BARRIER SYSTEM

OxyProof new barrier system - this latest technological innovation which includes both the cap and the PET material, used in creating this packaging, prevents simultaneously CO₂ releasing and oxygen filling in, and guarantees the authentic taste and freshness of Albacher beer.

Premium Beer

The products integrity is ensured by the special collar which does not allow their reseal.

OxyProof packaging - guarantees the product's freshness for a longer time.

Excellent shelf vizibility, latest production and filling technology, made in Germany.
